

Note From Londoner of Quality

Besieged by a Rude Colonial!

*The logical outcome of three
centuries of bad taste.*

*And of course he must commandeer
utmost pomp!*

*The way populists discharge their
spawn to Yale and Harvard.*

*The best places, obviously, to
learn how to serve the people.*

*This particular criminal, too, is
proving*

Treasonous.

*After you've betrayed friends,
there, blessedly, is always
Country!*

Last Refuge as they say.
